I. Introduction to the 1997–98 NCES Common Core of Data (CCD) Public Elementary and Secondary Education Agencies

The Common Core of Data (CCD) Nonfiscal surveys consist of data submitted annually to NCES by state education agencies (SEAs) in the 50 states, the District of Columbia, American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, Puerto Rico, the Virgin Islands, and the Department of Defense. In order to provide data comparable across states to the maximum extent feasible, common data items and definitions have been developed and accepted by NCES and representatives of SEAs over a period of time from the 1950's to the present. CCD data are sent to NCES by SEA personnel acting as CCD coordinators, are edited and maintained in machine-readable data sets by NCES, and are used to produce general-purpose publications and specialized reports.

The principal users of CCD Nonfiscal data are the Federal Government, the education research community, state and local government officials, including school boards and LEA administrators, and the general public.

The purpose of the Common Core of Data (CCD) Nonfiscal surveys is to provide a listing of all schools (91,340) and agencies (16,411) providing free public elementary and secondary education in the United States and its outlying areas, along with basic descriptive statistical information on each unit listed. It includes all public agencies providing free public elementary and secondary education to children. (Some SEAs do not provide information on education outside of the traditional public school system.)

This data set contains 16,555 records, one for each public elementary and secondary education agency in the 50 states, District of Columbia, five outlying areas and the Department of Defense dependent schools outside of the United States. Agencies that were open on last year's files (1996-97), but are closed for the 1997-98 school year (144) are kept on the file for one year. They are indicated by a value of 2 under the variable BOUND97 on the agency file. Once these closed agencies are stripped off the file, a file of 16,411 agencies open in 1997-98 will remain. Of the 16,411 open local education agencies, 14,810 are regular local school districts, 1,170 are supervisory unions or regional educational centers, 206 are state-operated agencies, and 225 are Federally-operated or other agencies.

The CCD system was developed and is designed to be inclusive rather than exclusive. In accordance with this purpose, CCD files contain a substantial number of records representing administrative and operating units which are unlike typical public schools and school districts. The CCD system provides features which enable the data provider and the data user to identify and select records according to the categories of interest to them. Definitions and categories used in the CCD are deliberately generic so that they may accommodate the many and varied organizational structures used in the provision of public elementary and secondary education across the nation.

Education Agency Universe data include NCES and state identification numbers, agency name, address, phone, county, agency type (regular school district, component of supervisory union, headquarters of supervisory union, regional educational service agency, state-operated agency, Federally operated agency, and other), metropolitan status, Metropolitan Statistical Area (MSA) code if applicable, number of students (ungraded/PK-12), number of pupils with special education Individualized Education Programs (IEPs), number of high school completers (regular diploma/other diploma/other completers), plus any data from the school universe. (In 1992-93 staff and grade 7-12 dropout data were added.)

The remainder of this document contains a User's Guide and six appendices. The User's guide contains information on methodology including certain conditions that are unique to the data file.

Appendix A — Record Layout gives the variable names and labels of the data elements discussed throughout the documentation, as well as their location on the data file.

Appendix B — Imputation Flag Frequencies indicates the number of states for which any data item was imputed.

Appendix C — Glossary defines all of the CCD data items.

Appendix D — Agency Nonresponse Tables report data and count of records with zeros for the data items.

Appendix E — State Notes provide comments for data users on individual states.

Appendix F — Agency Universe Shuttle is the paper copy of the agency survey form.

II. User's Guide

A. Methodology

Information at all levels of aggregation--school, agency, and state--is provided to NCES by officials in each state education agency. Since it is understood that local education staff have already provided information to SEA officials in conjunction with established administrative records systems, it is not the policy of CCD survey staff to contact local personnel for data verification except in unusual circumstances. Certain edits are performed by survey staff and referred to SEA respondents for resolution. It is CCD policy to accept the judgment of the respondent unless there is a clear conflict or unacceptable inconsistency. Appendix E provides information on when and how the data files were submitted by each state.

Although every public school must be administered by an education agency, it is not true that every education agency must operate schools. Some agencies provide support to other agencies and do not have teachers or students permanently assigned to them. In the event that a student is served by more than one agency, there may be some question about where to count the student's membership.

This decision is left up to the reporting officials unless it becomes clear to CCD staff that CCD survey rules are not being properly applied.

Comments for Users of the Data File

Users of the data set need to be aware of certain conditions that are unique to the data file.

Undercoverage and Vertical Consistency - Although CCD coverage of traditional public schools and school districts (those schools and districts typed as regular) is virtually 100 percent, the same cannot be said for publicly funded education outside of the traditional settings and organizations. There are states that do not report schools for the deaf and blind, university lab schools, and other schools not covered by the authority of the state education agency. Conversely, when these institutions are reported on the school and agency universes, the students and teachers may not be included in the count of persons for whom the state assumes responsibility in its official report.

Longitudinal Consistency - Although longitudinal consistency is a key principle of CCD, it is impossible for NCES to guarantee that state coordinators follow CCD conventions with regard to the deletion of closed schools or agencies and the addition of new ones. Confusion is particularly likely when agencies are merged.

Imputation Flag Options - Care has been taken to provide a meaningful entry in every cell of this data set. In order to achieve this result, it was necessary in some cases for NCES to assign a value other than that reported—including a blank response—by the state coordinator responding to the CCD surveys. For each data cell there is a companion cell containing a flag indicating whether the figure in the cell was reported by the state or was placed in the cell by NCES using one of several methods.

R - As reported by the state

A - Adjustment

P - Imputation Based on prior years data

I - Imputation based on a method other than prior year's data

T - Total based on sum of internal or external detail

C - Combined with data provided elsewhere by the state

N - Not applicable

On the record layout, the companion cell is identified by the name of the original data cell preceded by an "I". The documentation explains any action taken by NCES in regard to each variable. A frequency distribution of the values of each imputation flag is attached in appendix B and appendix D contains nonresponse tables.

Missing Value Options - All data elements are either completed by the state or they have been filled with "0", "M", or "N".

0 - There are no occurrences of this data element. A value was expected and measured, but there were 0 (zero) cases found in the category. (For example, a district having no graduates would report 0)

M - Data are missing. A value was expected and none was measured. (For example, a district that has at least one high school graduate but can not measure the number of graduates would report M.)

N - Data are not applicable. A value was neither expected nor measured. (For example, an elementary school district would report N for high school graduates.)

FIPS Codes – Federal Information Processing Standards. A list of the FIPS codes is attached. (The Common Core of Data Public Education Agency and School Universe used the "old" FIPS codes for the outlying areas prior to the 1991-92 survey year.)

(A01) NCES Education Agency ID - Each record contains a unique NCES agency identification number.

(A02) State Education Agency ID - Each record contains a state agency identification number.

(A03) Name of Education Agency - Each record includes an agency name. NCES reviewed any record filling the 30 characters assigned, and may have adjusted the agency name to improve readability (e.g., applied standard abbreviations).

(A04) Mailing Address - A total of 84 agencies did not have a street address; the largest numbers were in Montana (25 agencies) and Iowa (13 agencies). Some valid mailing addresses consist solely of a city and state, indicated by an "N" in the street address field.

(A05) City - Each record contains a city name in the address. There are valid cases in which an agency may be located in one city and have a mailing address in another city.

(A06) State (PO Abbreviation) - Each record has a two-letter postal office code indicating the state in which the agency's mailing address is located. There are valid cases in which an agency may be located in one state and have a mailing address in another state. These situations have been confirmed by the reporting state. There are 14 agencies in the 1997-98 Education Agency Universe that reported mailing addresses in a different state from the state abbreviation. A list is included.

(A07) Zip Code + 4 - Each record contains a valid zip code.

(A08) Area Code + Telephone Number - Telephone numbers were reported as "M" for 97 agencies, and 26 agencies were reported as not having a telephone number.

(B01) Education Agency Type Code - Each record has an education agency type code. Although agencies classified as supervisory union administrative centers (Type 3) generally do not report student membership, Massachusetts, New Hampshire, Vermont and Illinois are exceptions, and report students in membership for such agencies. See the *Instructions for Completing the Nonfiscal Surveys of the Common Core of Data 1997-98* for a detailed definition of each of these codes.

(B02) Supervisory Union ID - Supervisory union identification codes are expected for all supervisory union components (Type 2) and supervisory unions (Type 3) agencies.

(B03) FIPS County Code - Each record contains a valid FIPS county code and corresponding county name. A small number of supervisory unions in New England states have a FIPS county code that differs from the county in which the agency is physically located.

(B04) CMSA/PMSA/MSA Code - Each record has a valid entry for this field. A value in this field indicates that the agency's address is associated with a large population nucleus designated by the U. S. Government as a metropolitan statistical area (MSA). If the agency is not in any type of metropolitan statistical area the field is zero filled. For all states but New England, the assignment was made using a file of FIPS county codes matched to metropolitan area codes. For the New England states, the assignment was made using a file of zip codes matched to metropolitan area codes. The metropolitan area definitions used were those issued by the Office of Management and Budget (OMB) as of June 30, 1996.

(B05) Metropolitan (Metro) Status Code - Each record contains a valid metro status code. For those local education agencies matching to a metropolitan area, a "1" or a "2" was assigned. Metro status "1" was assigned if the name of the city in the mailing address matched the central city; otherwise the agency was assigned a "2". All agencies not matching to a metropolitan area were assigned a "3".

(B06) Boundary Change Indicator - All agencies are coded to reflect their status as reported for the 1996-97 school year. The valid responses include:

- 1 - No change from last report
- 2 - Education agency closed with no effect on another agency's boundaries
- 3 - New agency formed with no effect on another agency's boundaries
- 4 - Action taken to create, close, or modify this agency has affected the boundaries of at least one other agency

(C01) Ungraded Membership - Ungraded students are reported as "N" for states in which students are not assigned to this grade category.

(C02) Prekindergarten-Grade 12 Membership - There are valid agency records that do not include students. Some regular school districts contract with other agencies to provide services for some students rather than operate schools for these students directly. These student counts are not reported for the receiving district to avoid duplication. Conversely, in cases where all services are provided by a contracting district, no student counts are reported for the sending district. Student counts are also not generally attributed to supervisory union administrative centers or regional education service agencies.

(C03) Special Education IEP - Individually written instructional plan for students with disabilities designated as special education students under IDEA-Part B.

(C04, C05, C06) Graduates: Regular Diploma Recipients, Other Diploma Recipients, Other High School Completers - The Public Education Agency Universe collects data on three types of completion credentials. C04 and C05 combined give the total number of regular degrees conferred in a given state. Some states also grant a certification of attendance or completion in lieu of a diploma, as reported in C06.

(D01 - D108) Dropout Information by Grade (7-12), Race/Ethnicity and Sex - The dropout count was introduced in the 1992-93 CCD. In 1997-98 thirty-two states and Puerto Rico used the NCES dropout definition and collection procedure. NCES adjusted the dropout counts to "M" for the remaining states/territories.

(E01 - E08) Prekindergarten Teachers, Kindergarten Teachers, Elementary Teachers, Secondary Teachers, Teachers of Ungraded Classes, Total FTE Teachers, Instructional Aides and Instructional Coordinators and Supervisors - These data items were added to the Public Education Agency for the 1992-93 school year, having been reported previously only at the state level. Not all states are able to report each of these items.

(F01) Elementary Guidance Counselors, Secondary Guidance Counselors, Total Guidance, Librarians/Media Specialists, Librarians/Media Support Staff, LEA Administrators, LEA Administrator Support Staff, School Administrators, School Administrator Support Staff, Student Support Services Staff, All Other Support Staff - These data items were added to the Public Education Agency for the 1992-93 school year, having been reported previously only at the state level. Not all states are able to report each of these items.

Derived Variables - Grade span of the agency and number of schools in each agency are not collected as part of the Public Education Agency Universe. However, since these are often useful data for analysis, those data were derived from the individual school records on the Public School Universe file.

a. The grade span was derived by first summing the enrollment by grade for all schools associated with each agency. Then, the lowest grade and the highest grade with any student count were determined.

b. For number of schools and total classroom teachers, the data represent the total number of school records associated with each agency record and the sum of the classroom teachers reported for each of those school records. This is not necessarily the total number of teachers employed by the agency, since some teachers may not be assigned to a particular school.

(000) Grade Span of Agency - This variable is constructed from the school universe records. It represents the lowest and highest grade for which membership was reported by any school affiliated with the agency.

(000) Number of Schools - This variable is constructed from the Public School Universe and sums the number of schools on that file affiliated with the agency.

(000) FTE Teachers - This variable is constructed from the Public School Universe. It sums the FTE teachers reported on that file for schools affiliated with the district. FTE teachers are reported to the nearest tenth on the Public School and Agency Universe. This is not necessarily the total number of teachers employed by the agency, since some teachers, often those providing special education or services to homebound students, may not be assigned to a particular school. Thus FTE counts may be less than the total teacher counts obtained from agency staff reports for each state.

Appendix C is a glossary of the definitions of the variables on the dataset.

B. User Guidelines for Processing the Public Elementary and Secondary School Universe

The SAS file for the 1997-98 National Public Elementary and Secondary School Universe is called CCDAGN97.SD2 and the flat ASCII file is called CCDAGN97.DAT. The record layout for the file is contained in appendix A.

APPENDIX A

Record Layout for Common Core of Data Agency Universe, 1997-98

Variable name	Field length	Record position	Data type	Description
LEAID	7	001-007	A	Unique NCES-assigned ID for each agency in the file. NOTE: Position # 001-002 is also the FIPS state number, and position # 003-007 is the unique number for each agency within a state.
STID97	14	008-021	A	State's own ID for the education agency.
NAME97	30	022-051	A	Name of the education agency.
STREET97	30	052-081	A	Mailing address of the agency -- may be a street address, a Post Office box number, or, if there is no address beyond CITY, STATE, and ZIP, the character "N".
CITY97	18	082-099	A	Name of the mailing address city.
ST97	2	100-101	A	Two-letter U.S. Postal Service abbreviation for the state where the mailing address is located.
ZIP97	5	102-106	A	Five-digit U.S. Postal Service ZIP code for the mailing address.
ZIP497	4	107-110	A	Four-digit ZIP+4, if assigned; if none, field is blank.
PHONE97	10	111-120	A	Telephone number of education agency. NOTE: Position # 111-113 is the area code, and position # 114-120 is the exchange and number.
TYPE97	1	121-121	A	NCES code for type of agency : 1 = Local school district that is not a component of a supervisory union. 2 = Local school district component of a supervisory union sharing a superintendent and administrative services with other local school districts. 3 = Supervisory union administrative center, or a county superintendent serving the same purpose. 4 = Regional education services agency, or a county superintendent serving the same purpose. 5 = State-operated institution charged, at least in part, with providing elementary and/or secondary instruction or services to a special need population. 6 = Federally-operated institution charged, at least in part, with providing elementary and/or secondary instruction or services to a special need population. 7 = Other education agencies that do not fit into the first six categories.
UNION97	3	122-124	A	For supervisory union administrative centers and component agencies, this is a number assigned by the state to the union. Additionally, if the agency is a county superintendent, this is the FIPS county number. If no number was reported, the field will contain "000".
CONUM97	5	125-129	A	FIPS county number. NOTE: Position #125-126 is the FIPS state number, and position #127-129 is

				the FIPS number for county within state.
CONAME97	25	130-154	A	Name of county.
CMSA97	6	155-160	A	Unique numeric code assigned by U.S. Office of Management and Budget which identifies a geographic area consisting of a large population nucleus and social integration with that nucleus. If the agency is not located within one of these areas, the field will contain "000000". CMSA = Consolidated Metropolitan Statistical Area PMSA = Primary Metropolitan Statistical Area MSA = Metropolitan Statistical Area
MSC97	1	161-161	A	NCES classification of the agency's service area relative to a Metropolitan Statistical Area. 1 = Primarily serves a central city of an MSA 2 = Serves an MSA but not primarily its central city 3 = Does not serve an MSA
BOUND97	1	162-162	A	The boundary change indicator is a classification of changes in an education agency's boundaries since the last report to NCES. The options are: 1 = No change since last report. 2 = Education agency has closed with no effect on another agency's boundaries. 3 = This is a new education agency formed with no effect on another agency's boundaries. 4 = Action taken to create, close, or modify this agency has affected the boundaries of at least one other agency.
GSLO97	2	163-164	A	NCES code for lowest grade with student counts reported, for all schools associated with this agency on the CCD Public School Universe for this school year.
GSHI97	2	165-166	A	NCES code for highest grade with student counts reported, for all schools associated with this agency on the CCD Public School Universe for this school year.
SCH97	5	167-171	N	Aggregate number of schools associated with this agency on the CCD Public School file.
TEACH97	7	172-178	N	Aggregate FTE classroom teachers reported for schools associated with this agency on the CCD Public School file, reported to the nearest tenth; field includes one implied decimal point. This is NOT necessarily the total number of teachers employed by this agency.
UNG97	6	179-184	N	Total students in classes or programs without standard grade designations.

PK1297	6	185-190	N	Total students in classes from prekindergarten through 12th grade that are part of the public school program.
MEMBER97	7	191-197	N	Sum of UNGRADED and PK THRU 12.
SPECED97	6	198-203	N	Count of all students having a written Individual Education Program (IEP) under IDEA – Part B.
REGDIP97	6	204-209	N	Count of individuals who received a regular diploma during the previous school year and subsequent summer school.
OTHDIP97	6	210-215	N	Count of individuals who received a diploma from other than the regular school program during the previous school year and subsequent summer school.
OTHCOM97	6	216-221	N	Count of individuals who received a certificate of attendance or other certificate of completion in lieu of a diploma during the previous school year and subsequent summer school.
DAM7M97	5	222-226	N	Count of Dropouts (American Indian/Alaskan Native-7th grade-Male).
DAM7F97	5	227-231	N	Count of Dropouts (American Indian/Alaskan Native-7th grade-Female).
DAM7U97	5	232-236	N	Count of Dropouts (American Indian/Alaskan Native-7th grade-Unknown).
DAS7M97	5	237-241	N	Count of Dropouts (Asian/Pacific Islander-7th grade-Male).

APPENDIX C

Glossary

For CCD to have comparable data across states, all states must abide by the same standard definitions when reporting on schools, students, and staff. To ensure a common understanding, definitions for critical terms are presented below.

Alternative Education School

A public elementary/secondary school that addresses needs of students which typically cannot be met in a regular school; provides nontraditional education; serves as an adjunct to a regular school; and falls outside of the categories of regular, special education, or vocational education.

American Indian/Alaskan Native

A person having origins in any of the original peoples of North America, and who maintains cultural identification through tribal affiliation or community recognition.

Asian/Pacific Islander

A person having origins in any of the original peoples of the Far east, Southeast Asia, the Indian subcontinent, or the Pacific Islands. This includes, for example, China, India, Japan, Korea, the Philippine Islands, and Samoa.

Black

A person having origins in any of the black racial groups of Africa.

Boundary Change

Classification of changes in an education agency's boundaries or jurisdiction. Classifications include no change; closed with no effect on another agency's boundaries; new agency with no effect on another agency's boundaries; and action taken to create, close, or modify affected the boundaries of at least one other agency.

Central City

A central city is defined as a city within a Metropolitan Statistical Area (MSA) with a minimum population of 50,000; and has a Census Urbanized Area Code.

Classroom Teachers

See "Teachers"

Consolidated Metropolitan Statistical Area (CMSA)

CMSA is defined as an area of greater than 1,000,000 population, totality of the PMSAs in a single geographical area.

Diploma, High School

A High School diploma is a formal document certifying the successful completion of a secondary school program prescribed by the state education agency or other appropriate body.

Dropout

A dropout is a student who was enrolled in school at some time during the previous school year; was not enrolled at the beginning of the current school year; has not graduated from high school or completed a state or district-approved educational program; and does not meet any of the following exclusionary conditions: has transferred to another public school district, private school, or state- or district-approved educational program; is temporarily absent due to suspension or school-approved illness; or has died.

Education Agency

An education agency is defined as a government agency administratively responsible for providing public elementary and/or secondary instruction or educational support services.

Elementary

Elementary is defined as a general level of instruction classified by state and local practice as elementary, composed of any span of grades not above grade 8; preschool or kindergarten included only if it is an integral part of an elementary school or a regularly established school system.

Federally Operated Education Agency

A federally operated agency is charged, at least in part, with providing elementary and/or secondary instruction or support services.

Free Lunch Program

The free lunch program is defined as a program, under the National School Lunch Act, that provides cash subsidies for free lunches to students based on family size and income criteria.

Full-time Equivalency (FTE)

FTE is defined as the amount of time required to perform an assignment stated as a proportion of full-time position, and computed by dividing the amount of time employed by the time normally required for a full-time position.

General Education Development (GED) Test

General education development test is defined as a comprehensive test used primarily to appraise the educational development of students who have not completed their formal high school education, and who may earn a high school equivalency certificate through achievement of satisfactory scores.

Graduate, High School

A high school graduate is defined as an individual who received a diploma recognizing the completion of secondary school requirements during the previous school year and subsequent summer school.

It excludes high school equivalency, other diploma recipients, and other high school completers (e.g., those granted a certificate of attendance).

Guidance Counselors/Directors

Professional staff assigned specific duties and school time for any of the following activities in an elementary or secondary setting: counseling with students and parents; consulting with other staff members on learning problems; evaluating student abilities; assisting students in making educational and career choices; assisting students in personal

and social development; providing referral assistance; and/or working with other staff members in planning and conducting guidance programs for students.

The state should apply its own standards in apportioning the aggregate of guidance counselors/ directors into the elementary and secondary level components.

Head Start Program

A Federally funded program that provides comprehensive educational, social, health, and nutritional services to low-income preschool children and their families, and children from ages 3 to school entry age (i.e., the age of compulsory school attendance).

Head Start students and teachers are reported on the CCD only when the program is administered by a local education agency.

High School Completion Count

A count of graduates and other high school completers including regular diploma recipients, other diploma recipients, other high school completers, and high school equivalency recipients (State Nonfiscal Survey only).

High School Equivalency Certificate

A formal document certifying that an individual met the state requirements for high school graduation equivalency by: obtaining satisfactory scores on an approved examination, and meeting other performance requirements (if any) set by a state education agency or other appropriate body.

High School Equivalency Recipients

Individuals age 19 years or younger who received a high school equivalency certificate during the previous school year or subsequent summer.

Hispanic

A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

Individualized Educational Program (IEP)

IEP is a written instructional plan for students with disabilities designated as special education students under IDEA-Part B. This includes statement of present levels of educational performance of a child; statement of annual goals, including short-term instructional objectives; statement of specific educational services to be provided and the extent to which the child will be able to participate in regular educational programs; projected date for initiation and anticipated duration of services; appropriate objectives, criteria and evaluation procedures; and schedules for determining, on at least an annual basis, whether instructional objectives are being achieved.

Instructional Aides

Instruction aides are defined as staff members assigned to assist a teacher with routine activities associated with teaching, i.e. activities requiring minor decisions regarding students, such as monitoring, conducting rote exercises, operating equipment and clerking. *Includes only paid staff, and excludes volunteer aides.*

Instructional Coordinators and Supervisors

Instruction coordinators and supervisors that supervise instructional programs at the school district or subdistrict level and are defined as educational television staff; coordinators and supervisors of audio-visual services; and curriculum coordinators and in-service training staff; Chapter 1 and home economics supervisors; staff engaged in the development of computer-assisted instruction. School-based department chairpersons are excluded.

Kindergarten

Kindergarten is defined as a group or class that is part of a public school program, and is taught during the year preceding first grade.

Large City

A central city of a CMSA or MSA, with the city having a population greater than or equal to 250,000.

Large Town

An incorporated place or CDP with a population greater than or equal to 25,000 and located outside a CMSA or MSA.

Local Education Agency (LEA) Administrative Support Staff

LEA administrative support staff is defined as all staff members who provide direct support to LEA administrators, business office support, and data processing.

LEA Administrators

LEA administrators are chief executive officers of the education agencies, including superintendents, deputies, and assistant superintendents; other persons with district-wide responsibilities: e.g., business managers, administrative assistants, professional instructional support staff, Chapter I coordinators, and home economics supervisors.

Exclude supervisors of instructional or student support staff.

Librarians

Librarians are defined as professional staff members and supervisors assigned specific duties and school time for professional library services activities.

This includes selecting, acquiring, preparing, cataloguing, and circulating books and other printed materials; planning the use of the library by students, teachers, and instructional staff; and guiding individuals in use of library books and material maintained separately or as a part of an instructional materials center.

Library and Media Support Staff

Library and media support staff are defined as staff members who render other professional library and media services; also includes library aides and those involved in library/media support.

Their duties include selecting, preparing, caring for, and making available to instructional staff, equipment, films, filmstrips, transparencies, tapes, TV programs, and similar materials maintained separately or as part of an instructional materials center.

Also included are activities in the audio-visual center, TV studio, related work-study areas, and services provided by audio-visual personnel.

Media Specialists

Media specialists are defined as directors, coordinators, and supervisors of media centers.

See point under Librarians.

Membership

Membership is defined as the count of students on the current roll taken on the school day closest to October 1, by using either: the sum of original entries and re-entries minus total withdrawals; or the sum of the total present and the total absent.

Metropolitan Status (Metro Status)

Metro status is defined as the classification of an education agency's service area relative to a Metropolitan Statistical Area.

Metropolitan Areas

The term Metropolitan Area (MA) refers collectively to Metropolitan Statistical Areas, Consolidated Metropolitan Statistical Areas, Primary Metropolitan Statistical Areas, and New England County Metropolitan Areas. The Office of Management and Budget (OMB) defines new MAs and revised definitions of existing MAs by applying published standards to decennial census data.

Metropolitan Statistical Area (MSA)

An area consisting of one or more contiguous counties (cities and towns in New England) that contain a core area with a large population nucleus, as well as adjacent communities having a high degree of economic and social integration with that core. An area is defined as MSA if: It is the only MSA in the immediate area and it has a city of at least 50,000 population; or it is an urbanized area of at least 50,000 with a total metropolitan population of at least 100,000 (75,000 in New England).

Mid-size City

A central city of a CMSA or MSA, with the city having a population less than 250,000.

Non-MSA City

A Non-MSA city is a city or place not in an MSA with a minimum population of 25,000 inhabitants and a population density of at least 1,000 per square mile; and does not have a Census Urbanized Area Code.

Officials and Administrators

Officials and administrators are chief executive officers of the education agencies, including superintendents, deputies, and assistant superintendents; and other persons with district-wide responsibilities, such as business managers, administrative assistants, etc.

Operational Status

Classification of the operational condition of a school. Classifications include currently operational, closed, and opened.

Other Diploma Recipients

Other diploma recipients are individuals who received a diploma from other than a regular school program during the previous school year and subsequent summer school.

Other High School Completers

Other high school completers are individuals who have received a certificate of attendance or other certificate of completion in lieu of a diploma during the previous school year and subsequent summer school.

Other Support Staff

Other support staff are all other staff who serve in a support capacity and are not included in the categories of central office administrative support, library support, or school administrative support; e.g., social workers, data processing, bus drivers, and health, equipment maintenance, security, and cafeteria workers.

Outside Urbanized Area

Outside urbanized area is defined as an area not contiguous to any city or urban fringe area with a minimum population of 2,500 inhabitants; an area with a population density of at least 1,000 per square mile; and without a Census Urbanized Area Code.

Prekindergarten Students

Prekindergarten students are defined as students who are enrolled in a group or class that is part of a public school program taught during the year or years preceding kindergarten, excluding Head Start students.

Prekindergarten Teachers

Teachers of a group or class that is part of a public school program, and is taught during the year or years preceding kindergarten; *includes teachers of Head Start students if part of authorized public education program.*

Primary Metropolitan Statistical Area (PMSA)

If an area meets the requirements to qualify as a MSA and has a population of one million or more, one or more PMSAs may be defined within it if statistical criteria are met and local opinion also is in favor. A PMSA consists of a large urbanized county, or a cluster of such counties (cities and towns in New England) that have substantial commuting interchange. When one or more PMSAs have been recognized the larger area of which they are component parts then is designated a CMSA.

Public School

Public school is defined as an institution that provides educational services and has one or more grade groups (PK-12), or which is ungraded; has one or more teachers to give instruction; is located in one or more buildings; has an assigned administrator; receives public funds as primary support; and is operated by an education agency.

Regional Education Service Agency

Agency providing services to a variety of local education agencies, or a county superintendent serving the same purposes.

Regular Diploma Recipients

Graduates who received a regular diploma during the previous school year and subsequent summer school.

Regular School

A regular school is defined as a public elementary/secondary school that does not focus primarily on vocational, special, or alternative education.

Rural

An area designated as rural is an area with 2,500 inhabitants or fewer; or a population density of less than 1,000 per square mile; or does not have a Census Urbanized Area Code.

School Administrative Support Staff

School administrative support staff are staff whose activities are concerned with support of the teaching and administrative duties of the office of the principal or department chairpersons; this includes clerical staff and secretaries.

School Administrators

Staff members whose activities are concerned with directing and managing the operation of a particular school, including principals, assistant principals, other assistants; and those who supervise school operations, assign duties to staff members, supervise and maintain the records of the school, coordinate school instructional activities with those of the education agency, including department chairpersons.

School District

A school district is an educational agency or administrative unit that operates under a public board of education.

Secondary

Secondary is defined as the general level of instruction classified by state and local practice as secondary and composed of any span of grades beginning with the next grade following the elementary grades and ending with or below grade 12.

Small Town

An incorporated place or CDP with population less than 25,000 and greater than or equal to 2,500 and located outside a CMSA or MSA.

Special Education School

A special education school is defined as a public elementary/secondary school that focuses primarily on special education; including instruction for any of the following: hard of hearing, deaf, speech-impaired, health-impaired, orthopedically impaired, mentally retarded, seriously emotionally disturbed, multi-handicapped, visually handicapped, deaf and blind; and which adapts curriculum, materials or instruction for students served.

State Education Agency

State education agency is defined as an agency of the state charged with primary responsibility for coordinating and supervising public instruction including setting of standards for elementary and secondary instructional programs.

State-Operated Agency

A State-operated agency is one that is charged, at least in part, with providing elementary and/or secondary instruction or support services. Examples include elementary/secondary programs operated by the state for the deaf or blind; and programs operated by state correctional facilities.

Student

A student is an individual for whom instruction is provided in an elementary or secondary education program that is not an adult education program and is under the jurisdiction of a school, school system, or other education institution.

Student Support Services Staff

Student support services staff are staff members whose activities are concerned with the direct support of students; and who nurture, but do not instruct, students. Includes attendance officers; staff providing health, psychology, speech pathology, audiology, or social services; and supervisors of the preceding staff and of health, transportation, and food service workers.

Supervisory Union

Supervisory Union is defined as an educational agency where administrative services are performed for more than one school district, by a common superintendent.

Teachers

Teachers are defined as individuals who provide instruction to pre-kindergarten, kindergarten, grades 1 through 12, or ungraded classes; or individuals who teach in an environment other than a classroom setting; and who maintain daily student attendance records.

Ungraded Students

Ungraded students are defined as individuals assigned to classes or programs that do not have standard grade designations.

Urban Fringe

Urban fringe is defined as a closely settled area, contiguous to a central city outside a central city; with a minimum population of 2,500 inhabitants; with a population density of at least 1,000 per square mile; and has a Census Urbanized Area Code.

Urban Fringe of a Large City

Any incorporated place, CDP, or non-place territory within a CMSA or MSA of a Large City and defined as urban by the Census Bureau.

Urban Fringe of a Mid-size City

Any incorporated place, CDP, or non-place territory within a CMSA or MSA of a Mid-Size City and defined as urban by the Census Bureau.

Urbanized Area

An urbanized area is defined as an area with a population concentration of at least 50,000; generally consisting of a central city and the surrounding, closely settled, contiguous territory and with a population density of at least 1,000 per square mile.

Vocational Education School

A vocational educational school is defined as a public elementary/secondary school that focuses primarily on vocational education; and provides education and training in one or more semi-skilled or technical occupations.

White

A person having origins in any of the original peoples of Europe, North Africa, or the Middle East.

Connecticut

Date Received: 7/24/98

Requested Option: Diskette

Submission: Internet

Anomalies: Not Applicable Data: Agy - Other High School Completers.

Delaware

Date Received: 3/16/98

Requested Option: Diskette, Shuttle

Submission: Agy Diskette, Sch Shuttle

Anomalies: Not Applicable Data: Sch - Ungraded Students; Agy - Other Diploma Recipients, Ungraded Teachers. Schools with Intensive Learning Center in their name are actually programs.

District of Columbia

Date Received: 10/30/98

Requested Option: Diskette

Submission: Diskette

Anomalies: Missing Data: Sch - Classroom Teachers, Free-Lunch Eligible; Agy - Prekindergarten Teachers, Kindergarten Teachers, Elementary Teachers, Secondary Teachers, Ungraded Teachers, Total FTE Teachers, Instructional Aides, Instructional Coordinators and Supervisors, Elementary Guidance Counselors, Secondary Guidance Counselors, Total Guidance Counselors, Library/Media Specialists, Library/Media Support, LEA Administrators, LEA Administrative Support, School Administrators, School Administrative Support, Student Support, All Other Support, Dropouts. Not Applicable Data: Agy – Other Diploma Recipients, Other High School Completers.

Florida

Date Received: 3/16/98

Requested Option: Diskette

Submission: Diskette

Anomalies: Not Applicable Data: Sch - Ungraded Students; Agy - Ungraded Students. The Florida Department of Education expects that the school totals will be higher than the State totals on the cross file consistency report because they include totals from the University Laboratory Schools. These unique schools are not required to report data electronically to the Department of Education data base which is where the State totals are derived.

Georgia

Date Received: 5/29/98

Requested Option: Internet

Submission: Internet

Anomalies: Not Applicable Data: Sch - Ungraded Students; Agy - Ungraded Students, Ungraded Teachers; LEA Administrative Support was reported with all zero's. Beginning with the 1995-96 data files the classification of elementary teachers was shifted from PK-7 to PK-5 and the classification of secondary teachers was shifted from 8-12 to 6-12. Georgia allows for 6 ethnic race categories for students, the five in CCD plus the multi-racial category. They independently reclassify the multi-racial category for reporting CCD data.

Hawaii

Date Received: 7/20/98

Requested Option: Diskette

Submission: Internet

Anomalies: Not Applicable Data: Agy – Prekindergarten Teachers, Kindergarten Teachers, Elementary Guidance Counselors, Secondary Guidance Counselors.

Idaho

Date Received: 4/20/98

Requested Option: Diskette

Submission: Diskette

Anomalies: Missing Data: Sch - Students by Race (636/642 schools). Not Applicable Data: Sch - Ungraded students (641/642 schools); Agy - Ungraded students (112/113 agencies). Total student enrollment in the agency universe is greater than the school universe. These students are enrolled under state funded contract in privately administered programs or in schools in another state. Idaho does not collect meaningful student ethnicity data by building.

Illinois

Date Received: 10/30/98

Requested Option: Diskette

Submission: Internet

Anomalies: Not Applicable Data: Sch - Free-Lunch Eligible; Agy - Other Diploma Recipients, Other High School Completers, Instructional Aides, Library\Media Support, LEA Administrative Support, School Administrative Support, and All Other Support.

Indiana

Date Received: 04/22/98

Requested Option: Internet

Submission: Internet

Anomalies: None

Iowa

Date Received: 3/16/98

Requested Option: Diskette

Submission: Internet

Anomalies: None

Kansas

Date Received: 09/10/98

Requested Option: Internet

Submission: Internet

Anomalies: Not Applicable Data: Agy - Other Diploma and Other High School Completers. At the state level only pre-school programs for special education are recognized as Prekindergarten. The pre-school programs operated by some schools are considered private daycare and are licensed by a state social services agency. Student counts are from September 20.

Kentucky

Date Received: 09/30/98

Requested Option: Internet

Submission: Internet

Anomalies: Not Applicable Data: Sch – Prekindergarten Students; Agy - Other Diploma Recipients, Other High School Completers. Ungraded Teachers are reported as zero. Teachers teaching at Alternative, Vocational and Technical Schools are generally reported at the district level or at the local High School. Teacher counts are from a different data collection than in previous years. Preschool/Head Start student counts as well as non-certified teachers are reported at the district level. Free-Lunch Eligible counts are taken in December; Enrollment counts are taken in September. Grades are not designated below the fourth grade, for this file they have been estimated.

Louisiana

Date Received: 9/30/98

Requested Option: Diskette

Submission: Internet

Anomalies: Not Applicable Data: Agy - Other Diploma Recipients. Non-graded students are taught with both elementary and secondary students. Therefore, the elementary, secondary and nongraded teachers are combined in the Total FTE teacher count. Alternative schools or new schools that do not have students enrolled prior to the reporting cutoff have no student or teacher counts. Race counts do not always equal membership counts due to reporting procedures. Preschool/Head Start are not required to report student counts or non-certified staff

Maine

Date Received: 3/16/98

Requested Option: Diskette

Submission: Diskette

Anomalies: Not Applicable Data: Agy - Prekindergarten Teachers, Kindergarten Teachers, Ungraded Teachers, LEA Administrative Support (327/328 agencies), School Administrative Support (326/328 agencies). There are 55 school administrative units that do not operate schools, but tuition all students to surrounding school systems.

Maryland

Date Received: 3/13/98

Requested Option: Diskette

Submission: Internet

Anomalies: Missing Data: Agy - Ungraded Teachers. Not Applicable Data: Agy - Other Diploma Recipients.

Massachusetts

Date Received: 7/24/98

Anomalies: Missing data: Agy - Prekindergarten Teachers (665/758 agencies), Kindergarten Teachers (665/758 agencies). Not Applicable Data: Sch - Ungraded Students; Agy - Ungraded Students, Ungraded Teachers, and School Administrative Support. Instructional staff is not broken down into Prekindergarten and Kindergarten they are included in Elementary Teachers. In the past an FTE was prorated based on Prekindergarten and Kindergarten membership. Total FTE of teachers is not the total of elementary plus secondary, it includes teachers assigned to the district level that are not assigned to a specific school. Not all students in the IEP count are included in the total enrollment count. IEP data is the number of students that are "resident" of the LEA –they may not be in membership of the LEA because they may be contracted to another LEA or agency.
